## MEMBERSHIP RENEWAL/APPLICATION

### MEMBERSHIP BENEFITS

If you own a Mercedes-Benz or have an appreciation for the marque, the Mercedes-Benz Club should interest you. The Club brings together owners of these vehicles in the ACT and surrounding areas who enjoy their vehicles.

The Club organises social and motoring events throughout the year and members are often invited to participate in special events organised by other car clubs in Canberra and also by other Mercedes-Benz Clubs interstate. In addition, the Mercedes-Benz Club holds its annual Concours d'Elegance in the ACT where immaculately presented vehicles from Canberra and interstate are put on display for judging.

As a member, you will:

- receive bimonthly issues of the club magazine *STAR ACT*. The magazine provides news, views, personal glimpses, coming events and post-mortems of past events. It provides a forum for members to offer comment and you are welcome to submit items/articles that could be of interest to other members. For example, are you restoring a car and what pitfalls have you encountered or solutions found. You can advertise 'For Sale or Wanted' items/cars/parts in the magazine for no cost. If you are professionally associated with the motor trade, you are able to advertise within the magazine by arrangement with the Sponsorship Officer.
- be eligible to attend national Mercedes-Benz events and conventions. There is a National Rally normally held biennially and rotated between participating clubs.
- have access to fellow members able to offer free information and advice that will enable you to preserve the appearance, performance and value of your car; older model or new. Further, they can provide information on Concours preparation and how to best present your car.
- be able to purchase a range of Mercedes-Benz merchandise from the Club at competitive prices.
- receive discount on parts and services from a number of our sponsors.
- be eligible for significantly discounted registration under the Concessional Registration Scheme if your car is over 30 years old, is not used all the time and meets some specific technical and safety criteria. You should discuss your registration and insurance options with our Club Plate Registrar.
- meet people with a common interest in, and who are helping to preserve, the marque. You will gain knowledge of the various models and configurations that make up the marque and you will get the opportunity of talking to the owners of these models. A number of members of the club have in the past and are still, restoring early model cars (not only Mercedes) and should you so wish, will be delighted to offer free of charge any technical or restoration tips.
- access our library. We have a number of magazines and books that may be borrowed by contacting the Librarian. Further, if you have any books that you no longer have use for and you feel that they may be of use to the library, then we would be pleased to accept your donation.

When the limits of our members' free expertise have been exhausted, we have several excellent sponsors.

Our social activities and events are a key component of the Club. We hold events each month and we encourage you and your family and friends to join in these. In this way, you can enjoy the friendly family camaraderie that binds owners of, and those associated with, the three-pointed star.
